PERMITTING YOUR PARK EVENT

SPECIAL EVENTS IN MADISON PARKS

The primary mission of Madison Parks is to provide residents and visitors with an open space and facilities for recreation and relaxation. Under regulated circumstances, a park event permit may be used to reserve park space for a special event. The following park event application process is intended to help with the success of your event and ensure the safety and general welfare of the public and event participants.

A Park Event Permit is required if any of the following apply:

- Greater than 250 people are expected.
- The event is promoted to the public.
- Admission is charged.
- A park not normally used for events, such as a neighborhood park, a beach or a park with no shelter, is requested.
- Vending will occur.
- The purpose of the event is to raise money, whether for a non-profit/charity or as a commercial venture.
- The event will use extensive space in a park.

If you are not sure whether your event requires a Park Event permit please email: MadisonEvents@cityofmadison.com.
